

Liquid disinfectant concentrate based on aldehyde compounds (formaldehyde-free) for disinfecting surfaces and equipment.

## perform® classic concentrate GA

### Our Plus

- foam-free and effective
- excellent material compatibility
- residue free rinsing
- suitable for equipment disinfection (e.g. for CIP equipment)
- efficacy tested according to European norms (EN)

### Application areas

perform® classic concentrate GA is a liquid concentrate for the disinfection of surfaces, equipment and pipes in industrial production areas (e.g. food processing, pharmaceutical and cosmetic production).

perform® classic concentrate GA is foam-free and is therefore suitable for cleaning-in-place (CIP).

### Instructions for use

Heavily contaminated surfaces are to be pre-cleaned. Prepare the working solution by filling water of an appropriate quality into a tub or bucket. Add the concentrate to the water and stir gently.

Apply the working solution to the surfaces to be disinfected:

- place equipment in the working solution;
- via cleaning-in-place (CIP);
- wipe floor and work surfaces;
- used for personnel and material transfer areas, automatic cleaning machines, etc.

Ensure complete wetting. At the end of the recommended reaction period surfaces that have food contact should be rinsed evenly with an adequate quantity of water of drinking water quality. Rinse equipment carefully with water.
