# NEW octenicare® REPAIR CREME

has been specially formulated to protect and care for irritated skin. It supports the natural regeneration of the skin.

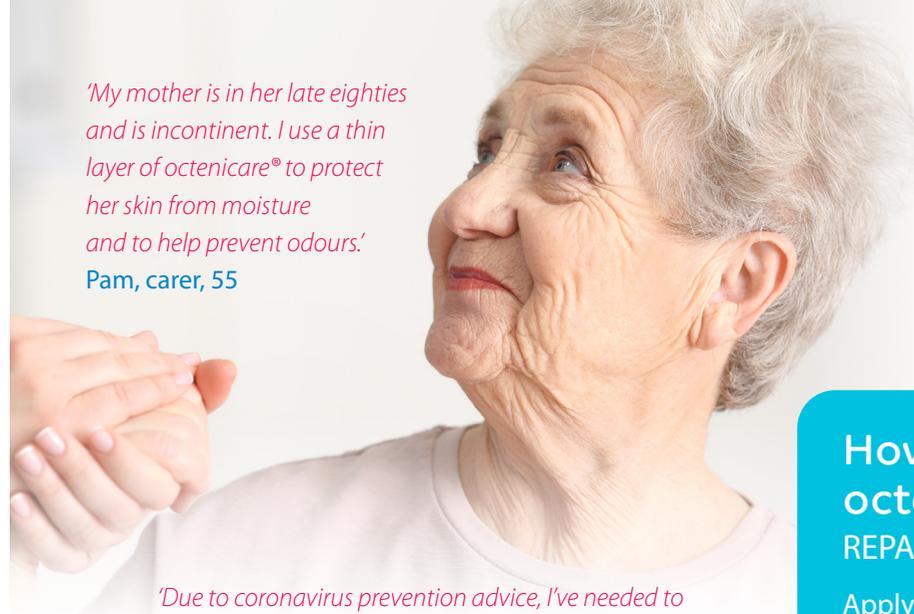

*'My three year old runs everywhere and is always falling over or knocking into things. I always use octenicare® on his bruises and scrapes once they've started to heal. It's very gentle and he doesn't mind when I put it on.'*

**Charlotte, mum to a 3 year old**

*'My mother is in her late eighties and is incontinent. I use a thin layer of octenicare® to protect her skin from moisture and to help prevent odours.'*

**Pam, carer, 55**

*'Due to coronavirus prevention advice, I've needed to wash my hands and use hand gel much more frequently. This irritated my skin, which became very dry. Since using octenicare® I've seen a massive improvement and my skin feels soothed.'*

**Joanna, teacher, 33**

## How to use octenicare® REPAIR CREME

Apply a thin layer of octenicare® REPAIR CREME to the affected areas of the skin and massage in.

Use octenicare® 1-3 times a day to support the natural regeneration of the skin.

For use on adults and children over 6 months.

Do not use octenicare® REPAIR CREME on open wounds or in cases of acute dermatitis.

*'I recently had a hip replacement and have a very long scar on my thigh, using octenicare® has helped the scar to heal quickly and to fade.'*

**Peter, retired, 65**
