

Wash lotion based on unique moisturising agents, mild surfactants and octenidine

octenisan® wash lotion

Our Plus

- Free of artificial colours and perfumes
- Suitable for body wash/hair wash/showering
- Tested as per European standards (EN) for its efficacy
- Performance of octenidine molecule
- Gentle care
- No risk of resistance

Application area

- For germicidal whole body hygienic washing (incl. hair washing and showering) that is gentle to the skin
- Suitable for all skin types, even skin that is sensitive to soap or susceptible to allergies
- For mild and gentle germicidal washing of patients prior to surgery
- Washing amputation stumps as well as support for infection prevention and avoidance of relapses and secondary infections
- Especially suitable for use on intensive care units (ICU) and infection wards

Instructions for use

- When washing patients apply octenisan® wash lotion undiluted to a damp facecloth and rub evenly on the appropriate parts of the body (exposure time 1 min) and rinse off.
- When showering or washing hair octenisan® wash lotion should be used like commercially available products.
