

wash lotion based on selected moisturising agents

octenisan® wash lotion

Our Plus

- mild and gentle wash lotion for the skin and hair
- for whole body washing against MDRO
- suitable for all skin types
- skin-neutral pH value
- free of artificial colours and perfumes

Application area

- for whole body hygienic washing (incl. hair washing and showering) that is gentle to the skin
- suitable for all skin types, even skin that is sensitive to soap or susceptible to allergies
- for mild and gentle washing of patients prior to surgery
- especially suitable for use on intensive care and infection wards

Product Profile

Thanks to its balanced formulation of various active ingredients incl. Octenidine and Allantoin octenisan® has good skin-care properties.

Instructions for use

Rub the octenisan® washlotion undiluted directly onto the wet skin or, using a damp flannel, onto the relevant parts of the body (contact time 1 minute), and wash it off. For a limited period of time, the wash lotion can also be used in children - aged 3 months and older - for preoperative whole-body decontamination.
