

Unique alcohol formulation for virucidal protection in the cleaning and disinfection of hard surfaces.

Effective against enveloped viruses

## mikrozid® liquid

### Our Plus

- blend of two alcohols for a very high performance against viruses within one minute contact time
- cleans and disinfects, two complete actions with one product
- added surfactants for boosted cleaning performance
- effective against bacteria (inc. TB), yeast and viruses, including enveloped viruses
- quick drying and residue free
- ready to use solution available in a range of cost effective sizes

### Application areas

Alcohol-based preparation for the rapid disinfection of medical devices in all areas with an increased risk of infection and where short contact times are required, e. g.

- patient treatment units
- operating tables and nearby work surfaces
- surfaces of medical equipment

### Instructions for use

mikrozid® liquid is a ready to use solution. Apply mikrozid® liquid undiluted to objects and surfaces and ensure complete wetting and allow to take effect. Make sure that all visible soiling is removed before disinfection. Application rate: not more than 50 ml/m<sup>2</sup>. Wipe up any excess with a non-dyed disposable cloth. Do not treat surfaces that are sensitive to alcohol, e.g. leather or acrylic glass.

### Microbiological efficacy

Efficacy	Concentration	Contact time
bactericidal <i>in accordance with VAH Guidelines with short contact times</i>	ready-to-use	1 min.
MRSA	ready-to-use	1 min.

Efficacy	Concentration	Contact time
tuberculocidal <i>EN14348</i>	ready-to-use	1 min.
yeastcidal <i>in accordance with VAH Guidelines with short contact times</i>	ready-to-use	1 min.
virucidal against enveloped viruses <i>in accordance with DVV (German Registered Association for Combating Viral Diseases)//RKI Guideline</i>	ready-to-use	30 sec.
Vaccinia virus	ready-to-use	30 sec.
Norovirus <i>EN14476</i>	ready-to-use	1 min.
Rotavirus	ready-to-use	30 sec.

CE 0297

## Product data

Composition: 100 g solution contains the following active substances: 25 g Ethanol (94 %), 35 g 1-Propanol.

## Special advice

**Use biocides safely. Always read the label and product information before use.**

For all of the related safety information please refer to the Safety Data Sheet. To view the Safety Data Sheet please visit [www.schuelke.com](http://www.schuelke.com)

Wearing gloves (eg. of nitrile rubber) is recommended. Keep container tightly closed. Protect from frost, heat and sunlight. Store at room temperature in the original container. Only recycle completely emptied packaging. Leftover product can be disposed of in accordance with EWC 070604. Do not use near ignition sources. Do not exceed usage of more than 50ml per m<sup>2</sup>. Avoid contact with eyes. Store out of reach of children. Do not use on alcohol sensitive surfaces (eg, leather, PVC or acrylic).
