

Impregnated disposal wash cap

## octenisan® wash cap

### Our Plus

- for decontamination of the hair and scalp by physical cleansing
- ready to use
- free of perfume and colouring agents
- heatable to body temperature (in the microwave max. 20 seconds at 600 Watt)

### Application areas

Impregnated single-use wash cap for decontamination of the hair and scalp by physical cleansing.

### Instructions for use

If required the octenisan® wash cap can be heated in a microwave (for a maximum of 20 seconds at 600 Watt). Open the package of the octenisan® wash cap carefully after heating.

If the octenisan® wash cap has been heated check the temperature before fitting it on the patient.

The hair should be dry and untreated before using the octenisan® wash cap (no use of hair gel, mousse, hairspray etc.).

Place the octenisan® wash cap on the head so that the hair is completely covered.

Massage the solution of the octenisan® wash cap thoroughly into the hair and scalp and leave it for at least 5 minutes so that it can completely saturate the hair and scalp.

The hair should be combed as little as possible during the full treatment period (i.e. in between octenisan® wash cap applications).

After each use of the octenisan® wash cap, the hair can be rinsed with water and dried with the aid of a blow dryer if necessary.

Other shampoos and hair care products can be used after thoroughly rinsing the hair with water.

# octenisan<sup>®</sup> wash cap

## Product data

### Ingredients:

Aqua, Glycerin, Cocamidopropyl, Betaine, Allantoin, Sodium Lactate, Sodium Chloride, Octenidine HCl, Ethylhexylglycerin

## Special advice

For all of the related safety information please refer to the Safety Data Sheet. To view the Safety Data Sheet please visit [www.schuelke.com](http://www.schuelke.com)

Do not use the octenisan<sup>®</sup> wash cap in cases of known or suspected allergy to one of the ingredients. Do not use in combination with PVP iodine products.

Use it only for a limited period of time.

When using the octenisan<sup>®</sup> wash cap be careful not to allow eye contact with the solution. If it does get into the eyes rinse them thoroughly with water.

Do not use on children under the age of 3.
